

Breakthroughs in NMR of structural biology

The second Bio-NMR Annual User Meeting

May 8-11, 2012, Portorož, Slovenia

Invited speakers

www.nmr.ki.si/bionmr2012/

Lucia Banci, University of Florence
Rolf Boelens, Utrecht University
Bernhard Brutscher, Institute of Structural Biology Grenoble
Volker Doetsch, Goethe University Frankfurt
Lyndon Emsley, University of Lyon
Frank Engelke, Bruker
Lucio Frydman, Weizmann Institute of Science
Francesco Luigi Gervasio Spanish National Cancer Research Center
Astrid Graeslund, Stockholm University
Stephan Grzesiek, University of Basel
Christian Griesinger, Max Planck Institute for Biophysical Chemistry
Ulrich Guenther, University of Birmingham
Goran Karlsson, Swedish NMR Centre
Wiktor Kozminski, University of Warsaw
Eriks Kupce, Agilent
Adam Lange, Max Planck Institute for Biophysical Chemistry
Claudio Luchinat, University of Florence
Beat H. Meier, ETH Zurich
Niels Nielsen, University of Aarhus
Hartmut Oschkinat, Freie Universitat Berlin
Miquel Pons, Institute for research in biomedicine Barcelona
Thomas Prisner, University of Frankfurt
Michael Sattler, German Research Center for Environmental Health
Jurgen Schmidt, University of Kent
Harald Schwalbe, Johann Wolfgang Goethe University
Philipp Selenko, Freie Universitat Berlin
Gregg Siegal, Leiden University
Vladimir Sklenar, Masaryk University
Giulio Superti-Furga, Austrian Academy of Sciences
Dmitri Svergun, European Molecular Biology Laboratory
Marcellus Ubbink, Leiden University

Organizing Committee

Ivano Bertini, Harald Schwalbe, Rolf Boelens, Lyndon Emsley, Hartmut Oschkinat, Dave Stuart, Janez Plavec
